

UI/UX DESIGNER HANDOVER SPECIFICATION

LANDING PAGE DAO TRANSFORMATION

A precise, minimal-disruption design handover guide to transition the current Equora landing page into an exclusive **Phase 1 Genesis DAO Council Portal** without rebuilding existing layout structures.

DESIGN DIRECTIVE: MINIMAL DISRUPTION, MAXIMUM CONVERSION

Do **NOT** redesign the page from scratch. Preserve the current glassmorphic layout, background scenery, component grids, and responsive containers. Simply swap the copy, badges, metrics, and add a single 21-day countdown timer to shift from a generic retail marketing look to an institutional Web3 founding council experience.

TARGET PAGE

Public Landing (/)

PRIMARY OFFERING

100 Council Seats

ENTRY STANDARD

300 TROB (\$300)

RETAIL MATRIX (\$30)

Locked (Day 22)

CORE REQUIREMENT FOR HERO SECTION

The hero section must immediately inform the visitor that Equora is currently in **PHASE 1: GENESIS DAO EXCLUSIVE WINDOW**

. Exactly 100 sovereign seats exist. Entry is a flat 300 TROB with **0 REFERRALS REQUIRED**

. The visual below demonstrates the exact look and feel required:

100 Sovereign Seats. 100% On-Chain Governance.

Secure your spot for a flat 300 TROB entry. 0 referrals required.
Join the fully automated 300/N redistribution system.

5X
Cap (\$1,500)

Figure 1: Proposed Hero Section with 21-Day Timer, 100 Sovereign Seats Headline & 3D Gold Soulbound NFT `apps/web/components/landing/HeroSection.tsx` Pass.

1. Sticky 21-Day Digital Countdown Timer

NEW ELEMENT

Placed either in the announcement bar or hero header: PHASE 1: GENESIS DAO COUNCIL [18d : 14h : 22m : 10s]. Instantly creates scarcity and reinforces that the retail matrix is locked for 21 days.

2. 3D Metallic Soulbound NFT Pass Card

VISUAL SWAP

Replace generic character graphics or decorative badges with the glowing metallic gold VIP Council Card displaying EQUORA DAO PASS #14 - 1.0% VOTING WEIGHT.

3. Flat 300 TROB (\$300 USD) Standard

PRICING CLARITY

Clear, unconfusing entry. 1 TROB = \$1.00 USD. No hidden tiers, no complicated packages. Exactly 100 seats available on-chain.

4. Zero Recruitment Mandate

KEY VALUE PROP

Prominently display that Genesis Council members require zero direct referrals to receive full automated 300/N cashback.

HERO SECTION TEXT & DATA
REPLACEMENTS

ELEMENT	CURRENT (GENERIC / RETAIL)	PROPOSED DAO SPECIFICATION
Eyebrow Badge	OLD "EQUORA DECENTRALIZED PLATFORM"	NEW ✦ PHASE 1: GENESIS DAO COUNCIL EXCLUSIVE
Main Headline (H1)	OLD "Same People. Bigger Opportunities."	NEW "100 Sovereign Seats. 100% On-Chain Governance."
Sub-headline	OLD "EQUORA is a global decentralized platform for everyone to earn and grow together..."	NEW "Secure permanent co-ownership in the Equora Genesis DAO. Flat 300 TROB entry with 0 referrals required . Automated 300/N redistribution, Soulbound ERC-721 voting rights, and a permanent 35% downstream retail volume share."
Primary CTA Button	OLD "Join Platform"	NEW "Claim Genesis Seat (300 TROB)" → links to /dao
Secondary CTA Button	OLD "Watch Video"	NEW "DAO Whitepaper (PDF)" → opens whitepaper modal
4 Key Metric Pills (Below Buttons)	• 10 Active • 100K+ Traders • \$2.4M+ Volume • Instant Payouts	• 100 Seats Total (Only 14 Seats Left!) • Flat 300 TROB (\$1.00 = 1 TROB) • Zero Referrals Required (Autonomous Yield) • 5X (\$1,500) Cap (48h Sustainable Re-Topup)

ABOUT MOVEMENT & LIVE LEDGER REPLACEMENTS

SECTION & FIELD	NEW DAO CONTENT & STYLE GUIDANCE
About Headline AboutMovementSection.tsx	"A Decentralized Autonomous Council Designed to Outlast Centralized Schemes."
About Paragraph AboutMovementSection.tsx	"Traditional platforms collapse because centralized founders control treasury keys and debt spirals accumulate. Equora Genesis DAO operates on immutable smart contracts on the Trobium blockchain: 100% of every 300 TROB deposit is instantly redistributed directly to council wallets without human intermediaries."
3 Stat Badges AboutMovementSection.tsx	1. \$300 / N — Instant Real-Time Redistribution Formula 2. 500% (\$1,500) — Maximum Earnings Cap per Cycle 3. 35% Volume Share — Perpetual Royalty from all Day-22 Retail Matrix Slots
Live Feed Header LiveActivityFeedSection.tsx	"Real-Time Genesis Council Ledger" (Subtitle: <i>Live on-chain seat activations & redistributions</i>)
Live Feed Rows LiveActivityFeedSection.tsx	• Seat #14 claimed by 0x71A...9C4 → <i>Instant \$21.42 distributed to prior 13 members</i> • Seat #02 reached 5X (\$1,500 TROB) → <i>48-Hour Re-Topup window active</i> • Seat #05 48h Re-Topup confirmed → <i>5X Earnings cap successfully reset to \$1,500</i> • Genesis Council: 86 / 100 Seats Occupied → <i>Only 14 seats remaining</i>

CORE REQUIREMENT FOR TIER SECTION

The current landing page shows retail tiers (Silver, Gold, Diamond). In **PHASE 1**

, the retail matrix (\$30 ID) is

STRICTLY LOCKED BEHIND A 21-DAY COUNTDOWN

. The designer should modify this section into a side-by-side comparison illustrating why securing a Genesis DAO seat today is superior to waiting for retail launch:

Figure 2: Tier section converted to Phase 1 (Live Now) vs. Phase 2 Retail Matrix (Locked with 21-Day Timer). apps/web/components/landing/TierLevelsSection.tsx

FEATURE	PHASE 1: GENESIS DAO COUNCIL (LIVE NOW)	PHASE 2: RETAIL MATRIX (LOCKED - DAY 22)
Seat Allocation	Strictly 100 Total Seats	Unlimited Public Retail IDs
Entry Cost	Flat 300 TROB (\$300 USD)	\$30 Entry (Slot 1)
Referrals Required	ZERO (0) Direct Referrals Needed	Minimum 2 Direct Active Referrals
Earning Engine	Instant 300/N Payouts + 5X Re-Topup Cycle	600% Direct Cashflow on 14-Node Boards
Downstream Royalty	Receives 35% of ALL Global Matrix Volume	Pays 35% protocol fee to DAO Council
Governance NFT	Soulbound ERC-721 VIP Council Pass	Standard Protocol User ID
Status & CTA	OPEN NOW → [Claim Seat Now]	LOCKED → [Unlocks in 18d : 14h]

6 PILLARS SECTION: GRID CONTENT SWAP

[APPS/WEB/COMPONENTS/LANDING/GLOBALNETWORKSECTION.TSX](#)

DESIGNER INSTRUCTION:

Keep the exact 6-card glassmorphic layout. Update the 6 card titles, icons, and descriptions:

1. Soulbound VIP Council Pass

[KEEP CONTAINER](#)

Immutable ERC-721 token bound to your Web3 wallet. Non-transferable to prevent corporate or whale takeovers, guaranteeing 1.0% voting weight.

2. Mathematical \$300/N Cashback

[KEEP CONTAINER](#)

Every 300 TROB deposit is instantly disbursed across all active council members. Seat #1 receives 100% instant cashback (\$300/1). Zero treasury debt.

3. Zero Recruitment Mandate

[KEEP CONTAINER](#)

Genesis DAO members do not need to recruit or refer anyone. Yields are generated purely by protocol growth and automated redistribution.

4. 5X Cap & 48h Re-Topup Engine

[KEEP CONTAINER](#)

Each 300 TROB deposit earns up to \$1,500 TROB (5X). Re-depositing within 48 hours resets the cap and pumps fresh liquidity back into the council.

5. Day 22 Retail Volume Royalty (35%)

[KEEP CONTAINER](#)

When the public \$30 matrix launches on Day 22, 35% of all global slot activation fees stream perpetually into the 100 DAO Council seats.

6. Trobium Sub-Second Finality

[KEEP CONTAINER](#)

Built on the high-speed Trobium blockchain. Payouts settle in milliseconds with gas fees less than \$0.001 per transaction.

DAO FAQ ACCORDION REPLACEMENTS

[APPS/WEB/COMPONENTS/LANDING/FAQSECTION.TSX](#)

QUESTION	ANSWER SUMMARY FOR DESIGNER COPY
What is the Equora Genesis DAO Council?	An exclusive governing body of exactly 100 sovereign members who co-own the protocol treasury and governance rights before the public retail launch.
Do I need to refer people to earn?	Strictly NO. Genesis Council seats require zero (0) referrals. Payouts are distributed purely via the mathematical 300/N smart contract formula.
How does the 300/N formula work?	When member <i>N</i> joins with 300 TROB, the deposit is divided equally among all <i>N</i> members. Member 1 receives \$300 instant cashback (\$300/1). Member 10 receives \$30 each to members 1-9 and themselves.
What is the 5X cap and 48-hour rule?	Each 300 TROB deposit earns up to \$1,500 TROB. Once reached, you have 48 hours to re-topup 300 TROB to reset the cap. If expired, the seat becomes vacant and claimable by others.
What happens on Day 22?	The public \$30 retail matrix unlocks worldwide. 35% of all retail matrix volume is perpetually routed into the Genesis DAO Council pool.

SUMMARY OF TASKS FOR UI/UX DESIGNER

This checklist ensures all changes are implemented cleanly with zero broken components or misaligned containers:

COMPONENT FILE	SECTION ON PAGE	DESIGN / CONTENT TASK
HeroSection.tsx	Hero Banner	Update H1, subheadline, 4 metric pills, and replace character image with 3D Gold Pass.
LandingNavbar.tsx	Sticky Top Header	Add 21-day digital countdown pill: [18d : 14h : 22m : 10s].
AboutMovementSection.tsx	Story & Movement	Replace community text with decentralized autonomous treasury architecture & 3 stat pills.
GlobalNetworkSection.tsx	6 Features Grid	Keep 6-card layout; replace text with 6 DAO Pillars (Soulbound Pass, 300/N, 5X Cap, etc.).
TierLevelsSection.tsx	Tiers / Cards	Convert to side-by-side comparison: Phase 1 DAO (Open) vs. Phase 2 Matrix (Locked).
LiveActivityFeedSection.tsx	Activity Feed	Update rows to show live on-chain seat activations (#14 claimed, 5X re-topup alerts).
FaqSection.tsx	FAQ Accordion	Insert the 5 DAO-specific questions and answers.

✓ **Preserve All CSS Classes & Responsive Breakpoints:** No container widths or flex/grid wrappers need to be changed.

✓ **Scarcity Principle:** Ensure the 21-day countdown timer and "14/100 Seats Remaining" badge are visually prominent.

✓ **Brand Colors:** Use Equora (#F59E0B, #FBBF24), Cyan (#06B6D4), Deep (#06080F), and Gold (backdrop-blur-md) Navy (Glassmorphism (md

🎉 **Result: The landing page retains 100% of its existing visual beauty while converting visitors exclusively into Genesis DAO Council members!**
